

ENGLISH, POWER, ACCESS

Certificates And Competence

SIGNALS ARE NOT WHOLE SKILL

Four signals answer differently

CELTA

**Teaching
entry**

Observed course
performance.

IELTS

**Language
score**

Timed test
performance.

CEFR

Shared scale

Broad proficiency
descriptors.

PORTFOLIO

**Work
evidence**

Applied tasks shown.

Names must match purposes.

What CELTA actually assesses

120

CONTACT HOURS

Minimum course
time.

6

ASSESSED HOURS

Teaching practice
sampled.

4

ASSIGNMENTS

Written tasks
assessed.

1

MODERATION

External assessor
samples.

Proof: entry-level criteria met.

Limit: performance remains sampled.

IELTS measures language performance

1

LISTENING

2

READING

3

WRITING

4

SPEAKING

FOUR SECTION SCORES

AVERAGED

ONE OVERALL BAND

Language skill differs.

Teaching skill differs.

A band cannot prove teaching.

CEFR is a reference framework

Frameworks require local evidence.

Observation reveals applied practice

Direct work becomes visible.

One lesson stays narrow.

More occasions improve reliability.

Why gatekeepers prefer brands

VERIFICATION

Records can be checked.

COMPARISON

Shared criteria save time.

ASSURANCE

Moderation supports consistency.

ACCOUNTABILITY

Named bodies carry responsibility.

THE TRADE-OFF

Screening becomes faster.

Costs can exclude talent.

Brands can replace judgment.

Trust systems can gatekeep.

A fairer recognition stack

EVIDENCE: Each signal stays bounded.

INFERENCE: Stacks improve fairness.
